Welcome to Lo-Ru West Dance Studio in Custer! We are located inside the new "The Shed" building 25086 Shamrock Road. I welcome anyone and everyone who loves the emotion, creativity, strength, and artistry classical ballet can provide. It will make well rounded individuals as dance will become a part of everyday routines for the rest of your life. Whether you take the dance opportunity to become a professional, become a teacher or simply become Peter Pan at Disney World in Florida (former student Logan Block!); dance can open many doors.

One ballet class is required for registration. Ballet is the foundation for all dance styles. It provides all the basic body, feet, and arm positions, as well as basic technic. In addition of promoting physical strength, ballet also can boost memory retention, understanding music and the beginning of learning a second language: French.

Starting age of a dancer at the studio is 3 ½ turning 4 during the 2022/2023 season. Toddlers 2-3 years old class will be offered in the Fall and Spring. Toddler classes are 6 weeks. Season begins officially After Labor Day and will go through May 2024. End of season recital will determine the end date in May. I do give time off for the holidays and "snow" days if any. We do make them up on alternate days so we don't miss floor time.

An Open House & Registration dates will be August 26 2023 5-7 pm. The building project is coming along. Make sure you sign the interest book with email, mobile number and mailing address that information can be sent.

Attached is a sample schedule, which is subject to change, as enrollment for classes progresses. Dependent on numbers within a specific age group, classes may drop or rescheduled to another day. I try very hard to work around school schedules and would love for others outside of Custer to come join us! I will offer some new classes for the tiny tutu moves ages 2-3 years old, as well as, Adult 6 week sessions as the season gets on its way. Watch social media and the website for more details.

I moved the tuition billing and payment system to Square. This way statements can be viewed and paid online. You still can send checks or cash to the studio for payments of tuition, costumes etc. (\$40 returned check fees on NSF checks). I do need a good email from all responsible parties for statements to be sent. Thank you in advance! Classes/days/Rates/fees are subject to change. I will try to accommodate the dancer's needs.

Registration Fees: \$30/dancer

Families with 2 or more dancers \$15/dancer

Tuition. Can be paid annually or monthly. Sales taxes are included in the pricing structures.

Discounts: After your enrollment of the required ballet class, if adding a second class there is a 10% discount of that dancer's tuition.

Family Discounts: Families with 2 or more dancers, 15% off your entire tuition will be calculated.

Advanced Ballet and Pointe Class; Your season will begin Monday August 21 @6:30 pm!

Looking forward to the new season!
